Go to Church! The Procession Moves to Church; Fall Into Line!

Men and women who want to be members of the vanguard note the broadening stream of worshipers entering the church doors. They are part of a great army. THEY ARE HEARING THE CALL. In clear, resonant tones which speak to their hearts, their minds and their consciences it tells them—

GO TO CHURCH!

THERE IS AN AWAKENING SPIRIT ABROAD IN THE LAND. IT ALARMS US FROM THE SLUMBERS WHICH HAVE OVERTAKEN SO MANY OF US. DEADENING US TO A SENSE OF OUR RELIGIOUS DUTIES. IT TELLS US THAT UNLESS WE HEAR GOD'S CALL, SUMMONING US TO HIS HOUSES OF WORSHIP, WE SHALL SOON BE OUT OF TOUCH WITH OUR FELLOW MEN, FOR THEY ARE HEEDING THE INNER AND OUTER VOICES WHICH TELL US ALL TO—

GO TO CHURCH!

Probably not since the Crusades have so many men and women been stirred by the call to enter God's house and render thanks and praise for the mercies which he is vouchsafing to them. They go there GLADLY, WITH REVERENCE IN THEIR HEARTS and prayers and hymns of joy on their lips. It is a great revival of the spirit that is now moving the hearts and souls of the men and women of America.

Join them. Go to church!

NEVER HEED THE WORDS OF THE SCOFFERS. WHEN YOU GO TO CHURCH YOU WALK PROUDLY, WITH SOUL UNAFRAID AND UNASHAMED. THE CHURCH IS NOT HIDDEN IN THE VALLEY OF DOUBT. IT STANDS ON A HILL IN CLEAR SIGHT OF ALL MEN. THE PATH TO IT IS ONE OF PEACE AND HAPPINESS. IT STARTS IN THE HEAVEN SENT IMPULSE TOWARD RIGHTEOUSNESS AND ENDS IN THE ACCEPTANCE OF THE SOUL'S SALVATION.

Be glad and proud to set your feet in that path.

"Dead Man" Found Near Railroad

CORONER SUMMONS JURY FOR INQUEST ON DUMMY.

Considerable excitement was caused in town Thursday night when the report went around that the body of a dead man had been found beside the water tank last Thursday night. According to the report the man had apparently fallen off a train and his body was badly mangled. Coroner S. V. Larison was called out from his home and went to the scene of the tragedy to investigate, summoning a panel for the jury on the way. A large crowd accompanied him to the scene and after considerable skirmishing around in order not to get close enough without disturbing the body or its surrounding, the discovery was made the "corpse" was the dummy used in the company store to demonstrate the latest styles in clothing. The joke was on the coroner at the time; and everybody had a good laugh at his expense. Later on the crowd had another laugh at somebody else, when it was discovered that somebody had purloined the "corpse," and removed it to parts unknown. The next morning the leaders of the crowd were presented with a bill from Gran Hackworth for ten dollars, the value of the dummy, and since then have been conducting a still hunt for their missing "corpse." It is said that Coroner Larison offered to guarantee the finding of it if the boys will "set 'em up" for the crowd which was present at the inquest. Butch McClure is also mourning the loss of a suit of

clothes with which they had disguised the corpse while Crate Johnson is shy a pair of shoes and a cap. The railroad agent, Mr. Vollmer, has presented a bill for a dollar's worth of red ink used in furnishing blood for the corpse to wallow in.

LOST—A corpse, evidently taken by mistake from near the water tank last Thursday night. Liberal reward and no questions asked. A reward will also be paid for the recovery of a suit of clothes and a pair of shoes worn by said corpse on the occasion of its disappearance.

Butch McClure or Crate Johnson.

Announces for Representative.

In the regular announcement column will be found the announcement of B. F. Hatton, of Bowen, as candidate for the Republican nomination for Representative for this district. Mr. Hatton is one of the best known citizens of the county, and will make a strong race for the nomination. He is not a chronic office seeker, having only held one office in over twenty years residence in the county, having been Justice of Peace for one term, an office which he filled very satisfactorily.

For the past eight years he has been representing the Singer Sewing Machine Company in that section of the county and in that way has become acquainted with a large number of people, many of whom have pledged themselves to support him. One thing is sure, the man who beats him will know he has been in a race.

James D. Black for Lieutenant Governor.

In this issue we carry the announcement of Mr. James D. Black, of Barberville, as candidate of Lieutenant Governor of Kentucky. Mr. Black is a prominent attorney of Knox county, and is in every way thoroughly qualified for this important office. If elected he promises to devote his time and energy to the betterment of public affairs in the State, and to use such prudence and care in the public business that he would use in transacting his own private business. Mr. Black has already the assurance of a large number of personal friends that they will support his candidature, and he is picked by the political dopesters as being the Democratic nominee.

In addition to his legal training which is essential to such an important office, Mr. Black has always taken a keen interest in politics of the country, and is a staunch Democrat. It will be no mistake to elect such a man as Lieutenant Governor of the State.

New Catalogue.

Attention is called to the advertisement of Hillenmeyer & Sons, of Lexington, who have just prepared a catalog of the handsomest little plants of strawberry plants that has ever been put out. Mr. Hillenmeyer, sr., is one of the oldest horticulturists in Kentucky, and the firm enjoys a reputation that anyone could be proud of. No agents are allowed to handle their products, and therefore their prices are much lower than usual. Send for their free catalogue.

Public Meeting at The Schoolhouse.

Professor F. Mutchler, President of the Kentucky division of the Farmers' Educational Cooperative Union, will speak at the schoolhouse Saturday night at 7 o'clock. Dr. Mutchler is one of the most interesting speakers in the state on matters pertaining to farmers, and wherever he addresses a meeting there is always a good crowd, and they always feel the better for having heard him. He will speak at Stanton on Saturday afternoon at 1 o'clock.

The meeting here will commence promptly at 7 o'clock, and some splendid music will be furnished. Everybody, particularly the ladies, is urged to come out and hear this speaker.

Col. Eph. Lillard, former Representative from Boyle county, committed suicide last week at Danville, by shooting himself. He is one of the Democrats who gained much notoriety by voting for Bradley against Beckham for United States Senator. He was afterwards appointed private secretary to Bradley and remained such until after the death of Bradley recently.

STANTON.

E. H. Fuller made a business trip to Lexington this week.

Rev. and Mrs. J. C. Hanley were visiting in Clay City last Saturday.

Mrs. Laura Hardwick lost a very fine turkey gobbler that fell in a well and drowned.

Mr. Lawrence Knox, of Nada, visited with her sister Mrs. Daniels this week.

George Stevens moved his family to his farm in Clark county Monday of this week.

Mr. Ed Dunn and wife are visiting his mother for a few days. We are not informed where she lives.

Dudley Caudill has finished his course of book keeping at the Wilbur Smith Business College and has returned home.

Burnam Skidmore is moving this week to his farm in Montgomery county. We regret to lose this family very much but wish them success in their new home.

A. T. Stewart's niece, Miss Littleton, of Carter county, is here visiting him. She has been taking a course of book keeping at Lexington for several weeks.

T. C. Johnson Commonwealth Attorney of this district, visited his two daughters, Maxie and Daisy, over Sunday.

Mrs. Sheffield, of Nada, has been visiting her daughter, Mrs. Creed, for the past week. She also visited with Mrs. Betty Johnson, her old chum of girlhood days.

Two of Milt Lykins children are down with typhoid fever. One is much better while the other is just taking the fever. Mrs. Nelson Blunt is helping to wait on them.

Dave Lucas attended the meet at Mt. Caanan last Sunday. Dave is more interested in somebody else besides the preacher. He says that he is going back again soon.

H. L. Christopher, of Spout Springs, came and took his daughter home. She has been attending school here but her little crippled sister fell and broke her leg and she must help wait on her.

Miss Beatrice Blunt visited with her sister, Mrs. Anna Melroy, of Clay City, Saturday. Mr. Melroy has moved to Clay City where he is in the optical business.

Mr. and Mr. Clarence Atkinson and baby, of Beattyville, arrived for a visit to their many relatives and friends. Clarence returned Monday to his position in the bank.

Mrs. Schultz, who died at Gordenton, at the home of Mrs. Baird, was buried in the Stanton cemetery Monday of this week. Among those who attended the funeral were Mrs. Baird and Miss Williams, who is a niece of John Williams. Mrs. Schultz was over 90 years of age and was the mother of John Williams' first wife.

The officers of the Powell County Sunday School Association will please take notice that the President, Mr. Buford Estes, has called

a special meeting to be held at the home of the writer Saturday morning at 10 o'clock to make plans for the County Convention to be held April 4th. It is desired that all officers be present at this meeting.

The entertainment at the college given by three classes of the Presbyterian church Monday night, on Washington's birthday, was a decided success. A fine time was had by everybody that attended and refreshments were served. Games were played and a general social time had. They say that Jim Patrick laughed and laughed until he could not laugh any more. The writer regrets that a sick headache kept him away from this happy gathering.

The new Narcotic Law goes into effect the first of March. This is a very severe and stringent law which forbids any physician from selling or giving opium, morphine and similar drug to any person except in their regular practice. The government requires a record of each doctor as to how much he buys and to whom it is given. Any violation of this law is subject to a penalty of \$2,000, five years in the pen, or both. While this will go hard with drug fiends, it is the best law that the government has passed for many a day. Uncle Sam is going to keep a strict watch on this law.

The following notice was handed to the writer. This play is to be one of the best ever given in Stanton. Those who are in the play or have any connection with it refuse to reveal what it is to be. From what has leaked it is to be exciting and thrilling and so absorbingly interesting that we will be held spellbound. As this is given by local talent we trust that a large crowd will be present.

"Dot, the Miner's Daughter," a drama in three acts, will be staged at the college auditorium on Friday evening of this week beginning at seven o'clock. This is a play that has been given with great success for the past few years and is still pleasing audiences wherever it is given. The characters have all been selected from the students at the High School and a few others who kindly rendered their help.

It will be well worth your trouble and time to come out just to hear Mrs. Mason freely advise the delinquent Mr. Mason and everyone who happens to meet with her. Ebony recounts very entertainingly his experiences with Floyd and the elder, Aunt Hap teacher Ebony that it's a man's place to do just what he is told. Floyd will be so mean that you will probably hate him but please take into consideration that he is only acting. Other characters deserved to be mentioned but we will leave it to the audience to praise them on Saturday. The play teaches a splendid lesson and should have a good influence upon those who hear and see it. Don't miss it. A nominal charge of 10 cents will be made to cover expenses.

By request Rev. L. F. Mann will preach next Sunday morning and evening at the Christian church.

The action of Governor McCreary in refusing to grant a pardon to George Alexander, the Paris banker, who pleaded guilty to several charges of misappropriation of funds, and who was sentenced to from 7 to 70 years in the reformatory, meets with the approval of the majority of right thinking people. Governor McCreary, in refusing to grant the pardon, stated his reasons very emphatically, and it is to his credit that he treated the former ex-banker with no more consideration than a poor man would have got under the same conditions. It is always easy enough to get signers for a petition of any kind, and many requested that Alexander be re-

leased, but the names of his numerous victims did not appear on the petition.

The Lexington Herald, of Sunday, had the following item in the political column, which is of interest to many here, as the Circuit Judge's race is one of the most important in the district:

"The contest between Circuit Judge James M. Benton and County Judge W. R. Shackleford, of Madison, for the Circuit Judgeship nomination in the Clark-Powell-Madison-Jessamine District, is likely to be a warm one. The Madison County Grand Jury the past returned week a report that showed all was not lovely right in Judge Shackleford's bailiwick in the matter of enforcing the law against illicit liquor selling and one friend of Judge Benton's had the unkindness to observe that Judge Shackleford had better go to work and clean up Madison county's bootleggers before he tackled the bigger job of upholding the dignity of the law in four counties. This same friend said that the situation in the district was very favorable to Judge Benton; that he would carry Clark County by 1,250 votes, Jessamine by 1,000 or better, and Powell by 200 or more, and that he would give Judge Shackleford the race of his life in his own county, from which Judge Benton also hails, and in which he has always been popular."

Rushing to the Rescue.

(Shelbyville Record)

Five candidates for Governor have announced for the Democratic nomination. Not a word of adverse criticism have we seen in any of the State papers for any of them except Owsley Stanley, and in every case the critics were for Beckham against Stanley in the Senatorial race. Stanley ran against Beckham, and that fact of itself, constituted an unpardonable sin with some of these fellows. Beckham won in the primary and Stanley and his friends supported, voted for, and helped to elect, Mr. Beckham.

Mr. Beckham is United States Senator, and Stanley is a candidate for Governor. Should he or any other man be held up to derision and scorn just because he had the temerity to oppose the favorite of any man or element?

In New York, Boston and Philadelphia, as well as in Lexington, thousands have been converted to Cooper's theories and have been benefited by his marvelous medicine.

Stanley, in his race for Senator, made a cracker-jack race, even if he lost, and this is what hurts some of those who criticise him. Not a little of Mr. Beckham's strength in the Senatorial race was due to the injustice done him when Bradley was elected, and there was 18,000 anti-Beckham votes that went to McCready. Doubtless if McCready had not been a candidate Stanley would have gotten a large proportion of the latter vote, and would have beaten Beckham. Will any of those who are so free with their criticism of Stanley deny this?

Stanley has a large following in the State, and each and every one of the other candidates will acknowledge that he is the contending man. His chances for winning the nomination are most excellent. He may win, and he may not, but he is a game fighter and he is not a sulky loser. A very large percentage of the votes polled for Stanley, in the Senatorial race, will be cast for him for Governor in the pri-

Philanthropist Is In Lexington

His Theories on Human Ils and Their Correc- tion Win Him Fame.

Lexington, Feb. 24—L. T. Cooper, the millionaire philanthropist, who has been so widely discussed throughout the East, is in Lexington, a guest of the Phoenix Hotel.

Mr. Cooper came to Kentucky from New York where he spent the past nine months meeting the public and explaining his views on health and hygiene. Mr. Cooper is a man of rare talents, magnetic force and charm of manner. He never ceases to surprise you with the infinite variety of his knowledge and its absolute correctness and thoroughness.

Mr. Cooper claims chiefly that most of the ill health of today is due almost entirely to those habits which best distinguish the white man from the jungle. He says that nine times out of ten it is the result, more or less, of a weakened, out-of-order stomach, and that nine times out of ten these disorders are due to too much eating and drinking, or our careless method of living.

But it is always possible, he says to make some effort toward healthful living, and in connection with his lectures he is introducing his famous medicine Tanlac to prove his theories.

Tanlac is called the magic medicine and is made mainly from the medicinal properties of a plant discovered during the researches of Cooper's uncle, the renowned scientist on an island in the Pacific Ocean, west of Mexico.

Compounded in Cooper's great laboratory, even as mysteriously as famous mineral waters are formed, the science of man, the chemist's skill and acquired medical lore, are set at defiance by Tanlac so far as imitation is concerned.

Tanlac, it is claimed, quickly overcomes stomach, kidney and intestinal ailments, and will actually prolong life by restoring and keeping up the vigor of youth.

In New York, Boston and Philadelphia, as well as in Lexington, thousands have been converted to Cooper's theories and have been benefited by his marvelous medicine.

Mr. Cooper is something of a philanthropist, as he contributes a large proportion of his income annually to charity and suffering people.

Mr. Cooper gives the agency for his medicine to one drug store in each city. Hardwick & Co. has been awarded the exclusive sale of Tanlac in Stanton, Ky., and the remarkable medicine can now be obtained at that store.

mary election. With five candidates in the gubernatorial nomination, each with more or less strength, if Stanley gets two-thirds as many votes as he got in the Senatorial primary, he will win the nomination. If he does, will his carping critics then do as he did—support the nominee?

That which evoked the adverse criticism was "a snub" that he took at Percy Haly, whom he claims is at the head of an "invisible government" at Frankfort.

LIVE LONGER THAN FORMERLY

Figures Show That Duration of Human Life Is on the Increase—Partial Explanation.

The mean expectation of life, as shown at birth in the case of males, as shown by the last English life table (1891-1900), is 44.13 years, as contrasted with 39.31 years' value given to the life table based on the experience of 1838 and 1854.

But we have no proof that this increase is due to any circumstances affecting the conditions of life of adults, because the mean after-life-time of persons over forty-five in both sexes, and over thirty-five in the case of males, neither remained sensibly constant nor even diminished. For instance, in the case of males the expectation of life at the age of thirty-five, as shown in the last life table, is 29.24 years; the 1838-1854 table gives 29.40. At the age of forty-five the corresponding figures are 22.20 and 22.76; at the age of fifty-five, 15.79 and 16.45, and at the age of sixty-five, 10.34 and 10.82.

A partial explanation is afforded by the probability that many weaklings who were formerly destroyed by zymotic diseases or tuberculosis in early life now survive to adult age, and that the life table values reflect the consequence of this slackening of selection.

WINCHESTER, KENTUCKY

JAMES D. BLACK IS CANDIDATE FOR LIEUTENANT GOVERNORSHIP

James D. Black, of Barbourville, Knox County, has issued the following statement announcing his candidacy for the Democratic nomination for Lieutenant Governor in the Primary Election, August 7, 1915.

Democrats of Kentucky: Recognizing, in the fullest sense, your right to choose at the Primary Election to be held in August, 1915, those whom you prefer to be the candidates of the party to be voted for at the general election in next November, I am a candidate, subject to your will to be expressed at said Primary Election, for the nomination for Lieutenant Governor on the Democratic ticket. I am induced, in a measure, to make this announcement by a desire of my own to serve the people of our splendid State in the capacity of Lieutenant Governor, and also, in a measure, by suggestions of a few individuals whose personal and political friendship is real and in whose judgment I have and ought to have confidence. My past fealty to the Democratic party may be accepted by you, I confidently trust, as a sufficient guaranty that I shall, whether nominated or not, give to the ticket you may name and the principles for which our party stands, very faithful support, for that course has been my habit at all times since reaching legal age. If nominated and elected Lieutenant Governor, I promise you and the people of Kentucky to bring to the discharge of the duties of the office the very best service of which I may be capable. Whether or not I am equal to the proper discharge of those duties, it is not for me to say. I submit it to your judgment and decision. I believe in a just and wise economy in public as well as in private business, and cordially agree that no one should be entrusted with responsible office who is not able and willing to perform his whole duty to the public whose interests he asks to be commissioned to serve. I believe those on whom the Constitution places the duty and responsibility of legislation for the people of the State ought to industriously employ the time the General Assembly may be in session, to needed legislation, complete that as quickly as a proper regard for the best interests of the State will permit, and then adjourn, diligently avoiding every unnecessary expense to the people. I have no doubt that those who have to do in an official way with the money of the community, or charged with the administration of public affairs, ought to act in relation to such, according to that high standard which the most prudent, careful, just and intelligent exercise in the conduct of their private business. If elected Lieutenant Governor, that standard shall be my guide in the labor the law assigns to me. In submitting my candidacy, I invite the scrutiny of the people of Kentucky as to my fitness for the preference thus sought.

Very respectfully,

JAMES D. BLACK.

From different parts of the country comes stories of a swindle successfully worked on farmers who thought they were going to get cheap groceries. Two smooth strangers went through the communities taking orders for a house in Chicago, pretending to sell a standard brand of sugar and flour so cheaply that every farmer visited took from \$1 to \$60 worth, and other things besides. Because of the low prices the flour and sugar had to be "paid in advance." It is alleged that in one community the swindlers picked up some \$3,000 and no groceries delivered.

Ladies Aid Meeting.

The Ladies Aid, of the Methodist church, met last week in the parlor of the Red River Hotel, with a goodly number in attendance. Those present were the following: Mesdames Adams, Loving, Johnson, O'Rear, Ringo, McGuire Mountz, Mann, Hoyt Russell, Miss Gertrude Vollmer, and one new member enrolled, Miss Elizabeth Ritchie. After the general routine of business the hostess invited the ladies to Eaton & McGuire's store where a very tempting lunch was served by the efficient demonstrator, Mr. Michael, of the Majestic Range Co., consisting of hot coffee, biscuit, wafers, etc. They then adjourned to meet with Mrs. O'Rear, Wednesday, March 3rd.

Professor Hanley, Principal of Stanton College, dropped into the Times office for a pleasant call last Saturday. Mr. Hanley reports that the college is prospering, the attendance making a gain each term. He expressed the opinion that the present antagonism shown by some of the citizens to the college would soon blow over, and stated that it could not effect the work of the college in any way. Mr. Hanley is recognized as one of the best educators in the country and the rest of the staff at the college fully measures up to the high standard set by him. As a speaker Mr. Hanley is well
